

Application: Supervision Study Program Consultant/Faculty

APPLICATION REQUIREMENTS

1. Please submit a current CV.
2. Please provide a narrative response to the following:
 - a. What theoretical orientation(s) inform your clinical and supervisory work?
 - b. Describe your experience providing relational/psychodynamic supervision, including information about the setting, number of supervisees, length of supervisory relationships in each setting and what if any other theoretical orientations inform your work.
 - c. Discuss your approach to supervision (e.g., your overall conceptualization of the learning process, areas of attention and focus and how you use yourself in the supervisory process and how you work with unconscious and parallel processes).
 - d. Describe how you think about and attend to sociocultural issues with regard to supervision.
 - e. Tell us something about your strengths and growing edges as a supervisor.
3. Please submit proof of licensure.
4. Please submit two letters of reference. At least one of these letters must be from someone who has been your supervisor or consultant. Please indicated their names below, and include their phone numbers as we may be contacting them for follow-up questions. Letters of reference should be received by the application deadline, if possible.
